Works great for anxiety. i will take 0.5mg if i am feeling a panic attack brewing, for prevention. full on panic attacks/anxiety i take 2mg and am fine within 20 minutes. will take 1-2mg before confronting a trigger (i.e long car rides). i take them only when i feel i need them. by cody from zoar, oh

I get probably 4 or 5 migraines a month. i couldn't bear to be without my fioricet. it's the only medicine that seems to work for me. if i feel a headache starting, i take 2 tabs and within 20-30 mins, the headache is gone. in addition to being a mother of 4 girls, i have run my family day care for 17 years and i just wouldn't be able to function without my fioricet. i have tried several other medicines before fioricet, and nothing seemed to help so i am very thankful for fioricet. it works great for me. i've tried to avoid things that set off my headaches, like not eating before 2 pm, or my pillows not being right when sleeping, brightness, sounds, smells and stress. but some can't be avoided. thank you.
