Pristiq is a miracle drug...i would be dead without it! because of pristiq, i got my life back. i got a great career now, i wake up every morning looking forward to life and now i actually have money, a good amount of it....and it feels great! no more living day-to-day, not being able to sleep at night because im worried on how im going to get my next fix for the upcoming day....all of that is ...
