Its worked great for me, but since youre supposed to take it with food i often forget and since the bottle is so huge i dont carry it around outside of my house and often miss opportunities to take it. by nolan from rosiclare, il

Causes of leukemia by antibiotic prednisone.

I originally tried zanaflex 4 mg after a whiplash and it didnt help. later i still had some and accidentally took it one time and it worked. now i take the 6mg capsule as needed for muscle spasm and it has worked better for me than flexeril, soma, robaxin and several others. by leonardo ...
