I get probably 4 or 5 migraines a month. i couldn't bear to be without my fioricet. it's the only medicine that seems to work for me. if i feel a headache starting, i take 2 tabs and within 20-30 mins, the headache is gone. in addition to being a mother of 4 girls, i have run my family day care for 17 years and i just wouldn't be able to function without my fioricet. i have tried several other mediciness before fioricet,

and nothing seemed to help so i am very thankful for fioricet. it works great for me. i've tried to avoid things that set off my headaches, like not eating before 2 pm, or my pillows not being right when sleeping, brightness, sounds, smells and stress. but some can't be avoided. thank you.

This is the third medicine ive tried. you rub it into your thigh or arm area (i couldnt do arms because i have tattoos and was told not to because of that.). it takes awhile to dry and is sticky. i was paranoid one of my dogs would get it on their skin, as they are always on my lap. one a scale of 1 to 10 if 10 is perfect, i would give this a 4. it worked a little, enough to notice, but not enough to be happy. i did not like applying it at all. i am now on santura and love it. see my review of that medicine. good luck! by irwin from iola, tx

Genin will only relieve your symptoms for a short time and it relaxes smooth muscle. you have to take avodart if you want to shrink the prostate and never have symptoms again. it takes time to work so take both medicines.. its worth it. it helped me.
