Ive been taking nexium now for about 4 years, i havent had any side effects that i can tell but after reading others experience of memory loss, that could be one that i do have. i take the maximum dose that is prescribed now and i cant say enough about this medication. i was so totally lost, severe depression, suicidal, lowest of lows, it was so bad, i couldnt get my ducks in a row (my mothers comments to me, daily). now, im feeling in control of my life, im back with my spouse and caring for my mother, whos ducks have scattered about, and im living happily. by quinton from ringling, mt

This is the third medicine ive tried. you rub it into your thigh or arm area (i couldnt do arms because i have tattoos and was told not to because of that.). it takes awhile to dry and is sticky. i was paranoid one of my dogs would get it on their skin, as they are always on my lap. one a scale of 1 to 10 if 10 is perfect, i would give this a 4. it worked a little, enough to notice, but not enough to be happy. i did not like applying it at all. i am now on santura and love it. see my review of that medicine. good luck! by irwin from iola, tx
