Duricef for tooth infection

I was given a 10 day prescription after sinus surgery. the pros are 1) i only have to swallow one pill per day 2) it doesn't bother my stomach (other antibiotics have in the past) and 3) i've not gotten a yeast infection. the con is that it seems to totally dry me out. i take it in the evening, and my mouth/nose/lips are incredibly dry regardless of the amount of water i drink all night long. it is uncomfortable enough to keep me awake. i also experience dryness during the day, but not the same severity.

Low price duricef without prescription

Duricef bacterial coverage

Suffering for 4 years with chest pain and trying to avoid open heart surgery. my cardiologist prescribed duricef. within a few days i was feeling great. its a god-send. bless the researchers who developed duricef. by stephan from cutler, in
