Although everyones body reacts differently to each birth control, i thought i would still share my experience. i had a really bad experience on lutera, so my pcp prescribed me ketoconazole. she explained that it is absorbed through my blood verses the lutera which was absorbing through my stomach (if that makes any sense). none the less, i agreed to try it and cannot be any happier! i have been taking it for about a week now and have no side effects as of now! it is super, just insert and once its in, you cannot feel a thing. i am so happy with experience, that i had to share! hope this be useful to someone! by hai from hagerman, nm

Ketoconazole inhaler side effects.
