What does sleepwell look like

Sleepwell no physician

By augustine from elkin, nc

Ive been taking lipid for almost a year now and have had great results. my triglycerides have dropped dramatically and my over all health has improved. i would have given this a 10 rating but i do have one problem with this medication. it can be difficult to remember to take lipid 30 minutes before meals. a small adjustment as far as im concerned, though. by cristobal from banner, ms
