Chantix is one of the best drugs ive ever been on. it has been amazing. being on it has made me feel so much more level. before taking it i never really knew how i was going to feel or how much things would affect me. i am currently on chantix in addition to many other medications, but adding chantix made me so much more sure of my emotions. i felt so much safer. it has really been wonderful. by alfonso from becket, ma

Chantix flakon nedir

I tried the shot twice once on august 2010 and recently started again in may. first time was bad i had

really bad anxiety and moodiness, which at first i thought it was hormones from having the baby. i couldnt lose weight even though i was exercising everyday. after the 3 months the first time no more moodiness like before when i was on it. i had also lose weight and things were back to normal. i wanted to try again because i only did it once but again it has been a bad experience. by hollis from lawrence, ks
