The advertisement is a rectangular banner. On the left, there is a photo of a male doctor in a white lab coat, blue shirt, and tie, holding a clipboard. To his right, the text 'ONLINE PHARMACY' is written in blue, with the tagline 'Caring for the health of the whole family' in smaller grey text below it. A list of six benefits follows, each preceded by a green plus sign: '+ Cheapest price', '+ Safe and secure', '+ Without prescriptions', '+ US Licenced pharmacy', '+ Fast overnight delivery', and '+ Unmarked package'. To the right of the list is an image of an orange pill bottle tipped over, spilling white pills. Below this image, the text 'QUALITY MEDS' is written in green, with 'PREMIUM HEALTH' in smaller green text underneath. At the bottom center of the banner is a blue button with the white text 'BUY NOW'.

I've been given this medicine twice - once for serious bronchitis/pneumonia that nearly required hospitalization. since i am a well trained athlete, hospitalization for a lung infection was serious. doctors tried several other drugs before the ventolin, but ventolin was best. now dealing with a relatively minor bronchitis and have it again. i've never had any of the side effects others listed - bear in mind that weakness and headaches and many other symptoms might just be the progression of the disease and not due to the drug. it's hard to tell since each bout is different but compared to many other drugs, this is statistically a very good bet. if you have bronchitis or a respiratory infection, take your medicines with lots of fluids.
