I take a combo of dyazide and movexx daily. have been doing so for more than 30 years (80 now). i find thiis combo works very well for me. i have always had a high pulse rate and a high diastolic pressure. they have been excellently regulated with this combo. by clay from peapack, nj

I was prescribed movexx for an infection that occurred after root canal went bad. evidently the previous dentist had not been able to successfully remove all of the nerve and pulp and over time an infection resulted. movexx was well tolerated by me and helped to reduce the swelling within the gum until i was able to have a root canal retreatment in order to remove the rest of the nerve and pulp. the rating that i provided is due to the fact that this medication required 4 doses daily which i felt there must have been some other medication available that required less commitment. still, it did work and i would take it again if prescribed.

Buy movexx in ohio

Can i buy movexx over the counter in spain

Works great for anxiety. i will take 0.5mg if i am feeling a panic attack brewing, for prevention. full on panic attacks/anxiety i take 2mg and am fine within 20 minutes. will take 1-2mg before confronting a trigger (i.e long car rides). i take them only when i feel i need them. by cody from zoar, oh
