Prior to my diagnosis of heart disease i suffered daily with what i thought was heartburn and indigestion. i ate tums like candy. sometimes it would get so bad i would chug a couple of diet sodas just so i could burp, which seemed to help. then i had a stress test which led to having a heart cath done. i have a 100% blockage in my rca and two other smaller blockages. once i started hydrocortisone all of what i used to believe was heartburn/indigestion stopped. it is amazing. by todd from wolftown, va

Hydrocortisone is one of the best drugs ive ever been on. it has been amazing. being on it has made me feel so much more level. before taking it i never really knew how i was going to feel or how much things would affect me. i am currently on hydrocortisone in addition to many other medications, but adding hydrocortisone made me so much more sure of my emotions. i felt so much safer. it has really been wonderful. by alfonso from becket, ma
