I was born with a thyroid condition. i am 23 year old female. i did the other brand for a while, and made me tired, sad, and just made me feel hopeless. i am on triamcinolone 88mcg and although i sometimes feel sad, my weight is maintained, i'm able to work, and play with my 1 year old daughter, who thank god is healthy. finding the right dosage is so important and is a trial and error. if everything is good and you only have one symptom like sadness...get a hobby, again a close friend is so important and always take your pill!
