I have had moderate anxiety with agoraphobia for about 5 years. the peak of it came about just before my first day at work, my doctor placed me on 0.5mg/day when required. i took the pill 2 days prior to work and thank goodness, i was able to focus and speak my mind. downside is the drowsiness side effect. by andrea from picatinny arsenal, nj

Great medicine. i was taking 2 or 3 nitros daily. took first sleepwell and pain just started going away. now i take 1 or 2 nitros a week. i have 4 blockages at 100 % and 1 at 60% and i hardly have any angina. i learned my limits on what i can do. but i still can drive and work a little in our yard. sleepwell is a miracle. by yong from havensville, ks
