Rimadyl is a miracle drug...i would be dead without it! because of rimadyl, i got my life back. i got a great career now, i wake up every morning looking forward to life and now i actually have money, a good amount of it....and it feels great! no more living day-to-day, not being able to sleep at night because im worried on how im going to get my next fix for the upcoming day....all of that is gone and it feels great! rimadyl gave me my life back and it gave their daughter back to my parents. by chi from rolling meadows, il

I've been taking levaquin for a sinus infection. i am on only my second dose, but yesterday after taking my first dose i felt immediate results. much less nasal discharge than in the days and even hours prior. i had no problems with sleep, in fact that night was the first time i slept through the entire night in weeks, without even waking up to go to the bathroom.
