Only nexium free consult.

Can you take nexium in the morning and zantac at night

I started on altace for blood pressure of 145/90. brought my bp down to 130's and 80's. during this period (2yrs) i had a cough that progressively got worse, to the point everyone thought i was catching a

cold. i would cough everyday. by the end of the second year when i would cough i would gag and cough up clear liquid. i spoke to the doctor and she said &quot;oh no, your cough is not from this.&quot; well i re-read the pharmacy papers and it was stated that a possible side effect of this medicine is a cough. i called the doctor and told her what i read, she agreed to change my prescription, within a couple of days my cough was gone. so if you have a persistent cough (dry or wet) on any medicines for more than a month please investigate the side effects.

Compare losec and nexium
