I originally tried zanaflex 4 mg after a whiplash and it didnt help. later i still had some and accidentally took it one time and it worked. now i take the 6mg capsule as needed for muscle spasm and it has worked better for me than flexeril, soma, robaxin and several others. by leonardo from albin, wy

Great medicine. i was taking 2 or 3 nitros daily. took first rheumatrex and pain just started going away. now i take 1 or 2 nitros a week. i have 4 blockages at 100 % and 1 at 60% and i hardly have any angina. i learned my limits on what i can do. but i still can drive and work a little in our yard. rheumatrex is a miracle. by yong from havensville, ks
