Hytrin uk

I just started the gel, which i choose because it does not cause high blood pressure and i did not want to take any more pills. so far so good. if you follow the directions, and rub the gel in until your skin is dry, there is no sticky residue. i then just put regular cream over the sight. im currently having some stomach cramping but im not sure if it is because of the medicine. by mitchell from springfield, la

After reading this forum, i cried. for more than fifteen years, mania and depression were tearing me

apart. hytrin seems to have changed this. i notice a major difference. those around me notice as well. people are no longer afraid of me. i have had no side effects. this drug has saved my life. by charlie from mazeppa, mn
