Robaxin is a miracle drug...i would be dead without it! because of robaxin, i got my life back. i got a great career now, i wake up every morning looking forward to life and now i actually have money, a good amount of it....and it feels great! no more living day-to-day, not being able to sleep at night because im worried on how im going to get my next fix for the upcoming day...all of that is gone and it feels great! robaxin gave me my life back and it gave their daughter back to my parents. by chi from rolling meadows, il

I get probably 4 or 5 migraines a month. i couldn't bear to be without my fioricet. it's the only medicine that seems to work for me. if i feel a headache starting, i take 2 tabs and within 20-30 mins, the headache is gone. in addition to being a mother of 4 girls, i have run my family day care for 17 years and i just wouldn't be able to function without my fioricet. i have tried several other mediciness before fioricet, and nothing seemed to help so i am very thankful for fioricet. it works great for me. i've tried to avoid things that set off my headaches, like not eating before 2 pm, or my pillows not being right when sleeping, brightness, sounds, smells and stress. but some can't be avoided. thank you.
