Prior to my diagnosis of heart disease i suffered daily with what i thought was heartburn and indigestion. i ate tums like candy. sometimes it would get so bad i would chug a couple of diet sodas just so i could burp, which seemed to help. then i had a stress test which led to having a heart cath done. i have a 100% blockage in my rca and two other smaller blockages. once i started emsam all of what i used to believe was heartburn/indigestion stopped. it is amazing. by todd from wolftown, va

My doctor put me on emsam to help my sinusitis and also a tummy issue i've been having. so far so good. i feel better already with increased energy but i'm not sleeping. i have dry mouth but solved that by keeping a bottle of water by the bed. just took a sip every time i woke up (which was like every 1/2 hour).
