Important patient information on topamax

This pill slows my heart down and relaxes me. i actually feel calm. i also take 0.5 xanax with this and wellbutrin 200mg. i have agoraphobia and these pills together help me function normally. yes can you believe it ****normally****. i never thought normal would ever be in my vocab. by wilfredo from scranton, ar

Can i take oxycodone with topamax

I have had moderate anxiety with agoraphobia for about 5 years. the peak of it came about just before my first day at work, my doctor placed me on 0.5mg/day when required. i took the pill 2 days prior to work and thank goodness, i was able to focus and speak my mind. downside is the drowsiness side effect. by andrea from picatinny arsenal, nj
