Topamax side effects weight

My doctor started me on two doses daily (am and pm) in august, 2011. the second day on it, i was on a camping trip and developed an itchy rash on my lower arms and hands, and my lower legs. i didnt connect it to the topamax so i went to my regular doctor and my dermatologist. the dermatologist told me to stop taking the topamax and wait for my my cardiologist to come back in ...
